Parents and Guardians,

The transportation department is announcing important changes that may impact you and your child. These changes will assist the department in determining more consistent riders on each route and allow consistency on pick up and drop off times; ultimately improving the level of service to all families. Additionally, having consistent schedules for students with multiple addresses improves safety for students by allowing bus teams to plan daily for each route as last minute changes to daily routes leads to confusion and delays for all families.

Please take a moment to review the changes:

- A family can have one primary address and one secondary address on file as an official bus stop (two addresses total).
- When using a secondary address, a consistent week to week schedule is required. It is the goal to accommodate secondary address requests; however, due to logistics and the geographic location, the request may be denied.
- Secondary addresses can be another parent, grandparent, or care provider.

These changes are effective July 1, 2023. If you have any questions, please contact the transportation department at (810) 591-4552.

As always please remember to notify the transportation office with any phone number changes; however, if there is a change in your student's primary or secondary address the parent must contact your resident district. Please allow five (5) days for the address change to take effect.

Sincerely,

Chad Sexton
